DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see Remarks, filed 4/7/2005, with respect to 1, 5 and 11 have been fully considered and are persuasive. The rejection of claims 1, 5 and 11 on 1/10/2005 has been withdrawn.

STATUS OF CLAIMS: currently claims 1-11 are pending in this application.

REASON FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: as to independent claims 1, 5 and 11, the closest prior art of Sato alone or in combination with other prior art fails to teach or fairly suggest the method/apparatus as claimed in claims 1, 5 and 11. In particular the key distinction between the closest prior art of Sato and the instant claimed invention is that Sato does not rely upon a smear edge detecting section that detects edge positions of a smear from a region of the generated edge image which is determined on the basis of a previously detected position of a white line on the road surface.

Accordingly, now claims 1-11 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
